SAVOY SASS

Awaken your inner glamour puss with wave upon wave of serious length. Perfectly blow-dried and seriously straight, this is a GOLDEN opportunity to flaunt effortless style and scintillating colour.

CLARIDGES COUTURE

Bring something a little avant garde to the table with a mop that tops the crops when it comes to standout style and originality. The tools you'll need? A curling tong, volumising dust and a whole lot of backcombing arm power.

A woman with voluminous, styled brown hair is wearing a fur coat. The hair is styled in large, defined ruffles. The fur coat is a rich brown color with a thick, shaggy texture. The woman is looking towards the camera with a slight smile. The background is a plain, light grey color.
